Office Action Summary

Art Unit: 1635

DETAILED ACTION

1. The request filed on 3/08/00 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 08/978,632 is acceptable and a CPA has been established. An action on the CPA follows.

Double Patenting

2. Claim 245 is provisionally rejected under the judicially created doctrine of double patenting over claims 22-24 of the instant application and of copending Application No. 08/978,632. This is a provisional double patenting rejection since the conflicting claims have not yet been patented, for the same reasons of record as set forth in the Official actions mailed 02/16/99 and 11/09/99.

Claim Rejections - 35 USC § 112

3. Claims 256-260 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention for the same reasons of record as set forth in the Official actions mailed 2/16/99 and 11/09/99.

Art Unit: 1635

4. Claims 245-302 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention for the same reasons of record as set forth in the Official actions mailed 2/16/99 and 11/09/99.

5. Claims 245-262, 267-280, and 285-298 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention for the same reasons of record as set forth in the Official actions mailed 2/16/99 and 11/09/99.

Claim Rejections - 35 USC § 102

6. Claims 245-302 are rejected under 35 U.S.C. 102(e) as being anticipated by Curiel et al. for the same reasons of record as set forth in the Official actions mailed 2/16/99 and 11/09/99.

Art Unit: 1635

This is a CPA of applicant's earlier Application No. 08/978,633. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

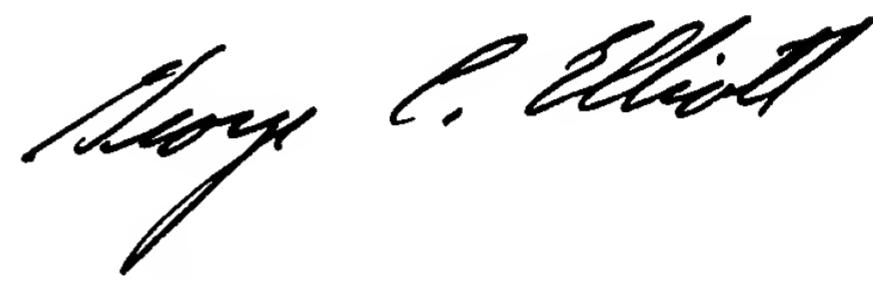

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to *Mary M. Schmidt*, whose telephone number is (703) 308-4471.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, *George Elliott, Ph.D.* may be reached at (703) 308-4003.

Art Unit: 1635

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-0196.
